Jars must be fully filled, with no gap visible between top of bottled honey and base of lid. In all honey classes, with the exception of classes 13 and 15, extracted honey must be exhibited in 454g (1lb) British Standard squat clear glass honey jars. Standard gold lacquered metal screw caps only should be used.

Jars in any one class must be matching, uniform pairs, and of the same type/manufacture. Mould mark numbers are not relevant i.e. they need not be the same number. Ornamental or decorative jars with printed lids are acceptable in classes 13 and 15 with a minimum weight of 340g.

Frames must be staged in an enclosed bee-proof showcase with clear transparent sides, with the frame itself easily removable for inspection by the judge. Frames with black, 'coloured' or plastic foundation are not acceptable.

Mead shall be exhibited in full clear white or slightly green tinted round shouldered Bordeaux style wine bottles of 70/75cl capacity, with or without punted bottoms; without names, fluting or ornamentation and sealed with white plastic flanged end cork stoppers. Specialised mead (class 12) should be labelled with the type and ingredient. Bottles with flanged or screw tops
